

Title: Covid-19 - Assembled

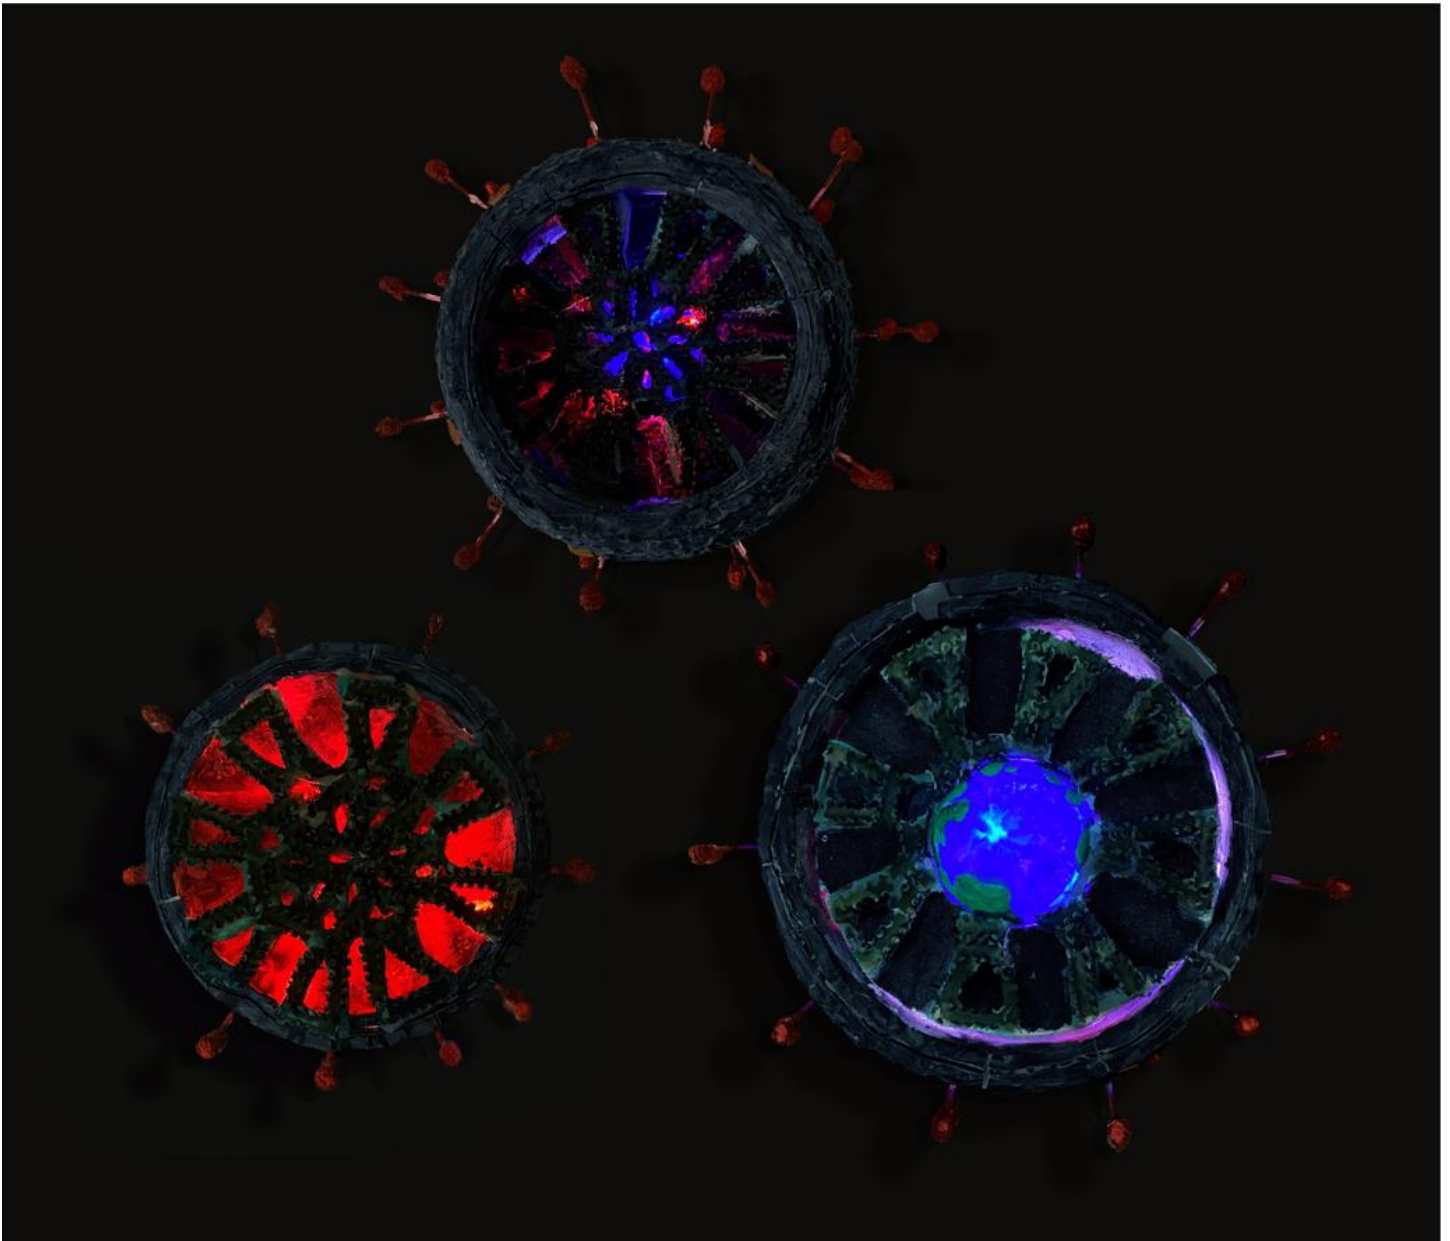

Artist: Puja Rajesh

Medium: Candy peanuts, Styrofoam, clay, paint, plastic teaspoons, a plastic cup, LED lights, glue.

©Puja Rajesh (2021) Pur142@usask.ca Biomedical Foundations, College of Arts and Science, University of Saskatchewan

Artist's Statement

This piece is from my ART 141 class and is a light-up model of the coronavirus itself, able to be assembled and disassembled at will, ironically allowing people to influence the virus, and not the other way around.

Title: Covid-19 - Disassembled

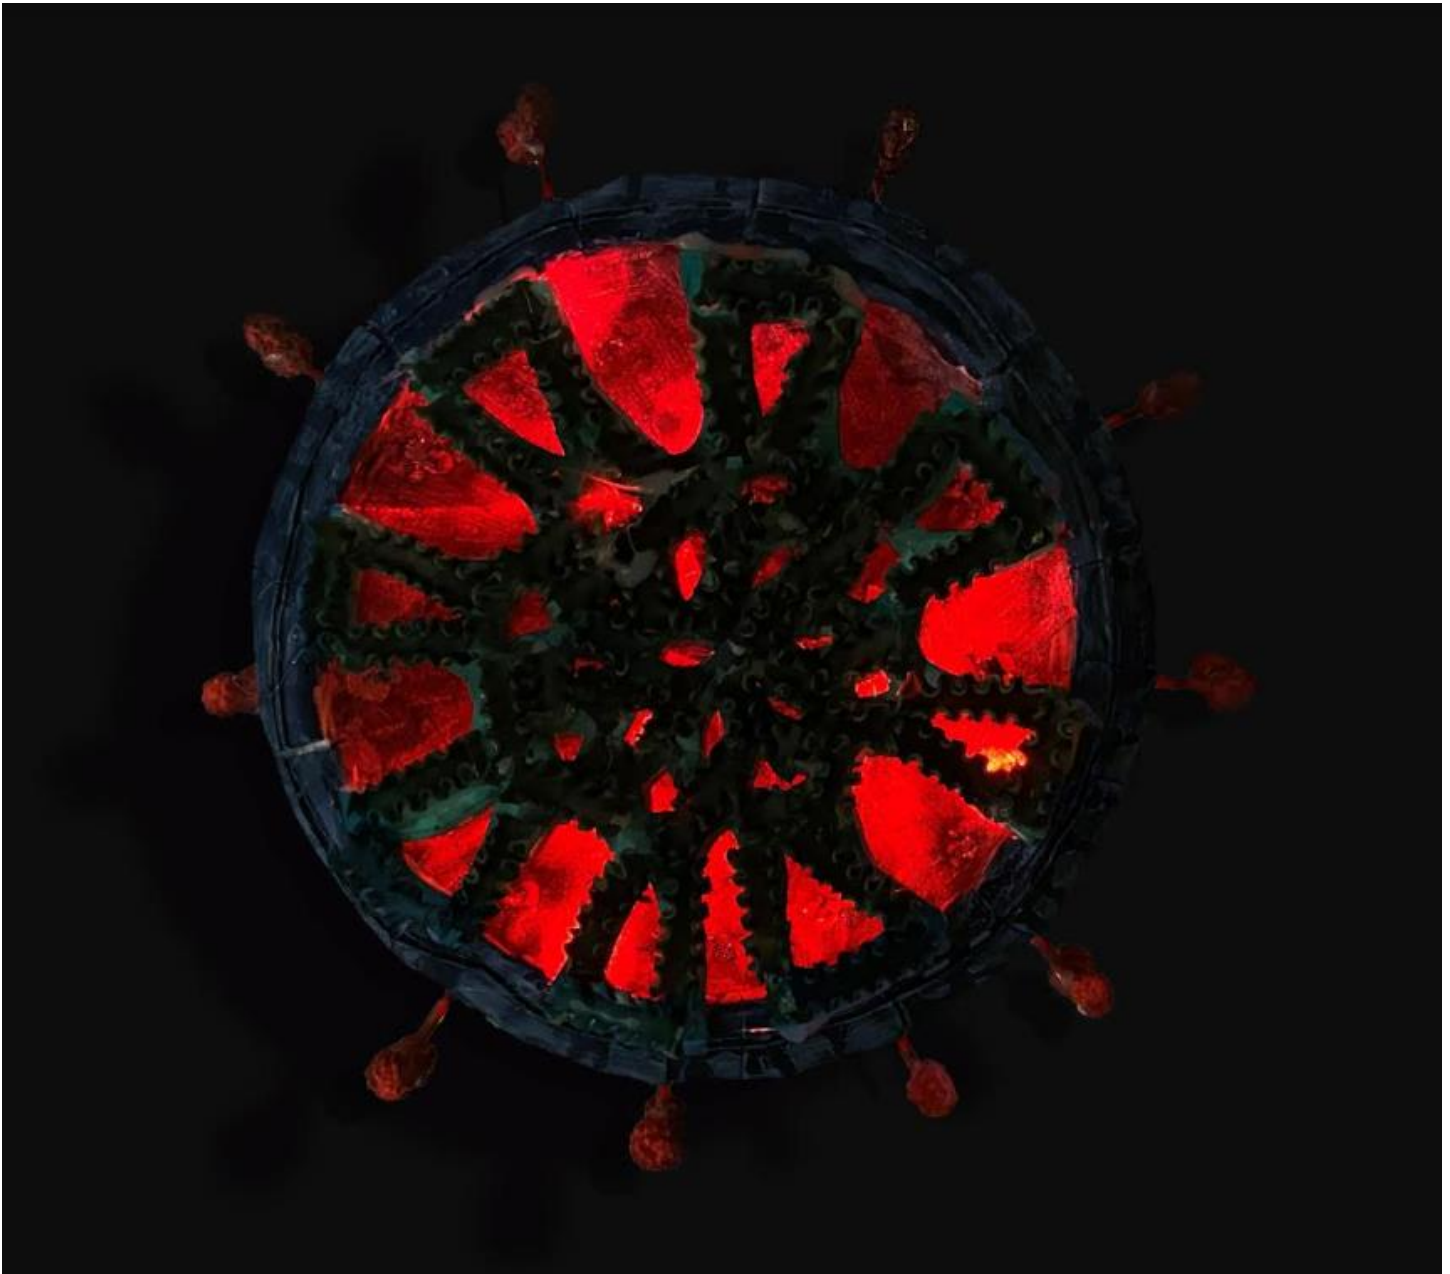

Artist: Puja Rajesh

Medium: Candy peanuts, Styrofoam, clay, paint, plastic teaspoons, a plastic cup, LED lights, glue.
